You will visit the Great Pyramid of [Cheops](#), King Cheops, a 4,500-year-old pyramid that was built from more than 2600,000 pieces of rock. Cheops had numerous sons, but the three most well-known of them were "Ghadv Raa," "Cheafren," and "Hor Ghadv," according to a papyrus that was dated to his reign roughly 23 years ago. They appeared to be at odds with one another and had different interpersonal dynamics.

You will also see The Pyramid of Chephren: The second Great Pyramid after King Cheops pyramid was built by King Chephren who also built the Sphinx and the Valley Temple. The Pyramid of Mycerinus: The only one of the great pyramids was built with granite from quarries located near Aswan beside the limestone.

The [Great Sphinx](#): is a monumental statue with a pharaoh's head and lion's body, which represents intelligence and strength.

Our visit to the plateau includes a panoramic tour of all of the Giza pyramids together and making memorable photos, as well as a free camel ride for 15 minutes. It can also include an additional visit to the Solar Boat behind Cheops.

The oldest pyramid in human history, [the Stepped Pyramid Complex in Sakkara](#), was constructed more than 4600 years ago by King Djoser.

The tour includes admission to both the noble tombs at Sakkara and the Teti pyramid, which has the most stunning interior of any accessible pyramid and contains all of its everyday activities recorded and painted on its walls and corridors.

We will now go to Memphis. Inside [the Memphis](#) Open-Air Museum, you can see a huge, well-known statue of King Ramses II and an [alabaster sphinx](#).
