Egypt & Luxor Trip Package

Visit Cairo, the city that never sleeps and home to a multitude of historical attractions, with Egypt Classic Tours' 5-day flight-only itinerary for touring Cairo and Luxor. Luxor Day Tours, the epicenter of beauty in Egypt, are also recommended Egypt vacation packages, as they cover most of the main attractions along with the most popular day trips to Cairo and Luxor. When you think about Egypt, the Giza Pyramids are the first thing that comes to mind. There are no buildings in any other country on Earth as spectacular as those found there and the pyramids are associated with nearly as many myths as any other building. There will be a chance to snap some spectacular photos, but researchers are still at odds on the purpose of the building and how it was built.

You may visit the Sphinx and the museum's collection of antiquated items from the Pharaonic era when you take a tour of the Egyptian Museum.

Discover the Old Cairo area home to the Coptic community and see the ancient churches dating back to the early days of Christianity in Egypt.
