Itinerary

Day 1 – Tour to Fayoum from Cairo

Your tour guide will pick you up from your hotel in Cairo and will transfer you in a 4WD Jeep to some of Fayoum Province's most fascinating sites. We will first stop at Qasr Al-Sagha, which is the Colourful Mountain, the Oldest Commercial Road in Human History, and the Petrified Forest. We'll visit Qarun

Lake, which is the largest saltwater lake in Egypt and the world's oldest natural lake, after lunch. You will also visit The Watermelon Valley, Dima Al-Sebaa, a historic Greek and Roman city. You won't want to miss this tour because it is so distinctive and memorable.

You will be led to the Madinet Madi Ancient City, which Amenemhet IV finished building after Amenemhet III started it. You will experience joy and tranquility after viewing the Wadi El-Rayan a protected area, which is located in the Fayoum Governorate of Egypt, about 65 km southwest of Cairo.

Examining maps of Fayoum is best done at the Kom Aushim Museum. We'll go there after our tour to find even more historical gems. The museum was opened in 1974 and houses a variety of artifacts dating from the Prehistoric through the Roman eras. You will be driven to your hotel to spend the night

Day 2 – The second day of your tour in Fayoum and going back to Cairo

Start your excursions to the two museums in Wadi El-Hitan to visit the petrified whales and the exhibit on climate change after breakfast at your Fayoum Hotel. Continue your journey to Al Mudawara, The Lookout, which is a breathtaking site with three mountains surrounding the beach and it is located seven km south of the waterfall on the left-east side of the road.

You will visit Wadi El Rayan, where the magnificent Lake "The Magic Lake" is located. Its nickname, "Magic Lake," alludes to how frequently, depending on the time of year and the quantity of sunlight it receives, its colors change during the day.

It is surrounded by desert and is rather lovely. People go swimming in Magic Lake, and they also go hiking and sandboarding nearby.

There are rumors that the lake contains minerals that could help those with rheumatism. After that, we'll go to Tunis Village to see Madam Eveline's pottery studio. Lunch is available in Tunis village (optional).

Then after the trip drop you off at your hotel in Cairo.
