Atlas Mountains and 3 Valleys & Waterfalls: Camel Ride Adventure from Marrakech

After your guide picks you up early from where you are staying in Marrakech, you will drive in a cool van towards the Atlas Mountains. Enjoy the beautiful scenery and visit a village and a place where they make argan oil. Then, travel through valleys with lots of fruit trees and big mountains. You can ride a camel and then go deep into the Imlil Valley. Take a break to have tea and cake with a nice view, and talk to your guide about how you want to get to the next place - walk, drive, or ride a mule. Go to Ait Souka Village the way you want to go, enjoying the beautiful views and peacefulness along the way. Stop by a Berber family's house to learn about how they live. We will keep going to Moulay Brahim near the Asni Valley and see the beautiful Mt.Toukbal before going back to Marrakech. Then, we will drop you off at your hotel to finish our trip.
