The Pyramids and the surrounding area are quite beautiful, and the views from the western plateau are simply amazing. After exploring the Pyramids and the Sphinx, you can make your way down to the Mortuary complex, where you'll be able to see the impressive watchman statue.

Next, we'll visit one of Egypt's top government papyrus institutes, where you can choose from a variety of hand-painted papyrus sheets and see a demonstration of the process used to create the ancient paper known as papyrus. The pyramids are only a short distance away from here.

To explore some of Cairo's most iconic historical sites you'll be heading on over to Old Cairo, where you'll find the Hanging Church, the Ben Ezra Synagogue, the Church of St. Barbara, and the Church of Abu Serga. These landmarks are sure to fascinate and amaze you.

At an Old Cairo restaurant, you'll enjoy a delicious lunch.

[Khan el-Khalili](#) is one of the oldest bazaars in the Middle East, and it's a great place to learn about the confusing network of alleyways that has served as Cairo's commercial hub since the 14th century. After your visit, you'll be able to spend the night in your hotel, so you can fully appreciate all the sights and sounds of this historic market.

Day 2 - fly to luxor- Luxor Museum & Mummification Museum Tour

Your tour guide will pick you up from your hotel after breakfast, and they will assist you with check-out before transferring you to Luxor and driving you back to your hotel.

We'll head to [The Luxor Museum](#) once we pick you up from your hotel.

The artifacts at this museum were found at many historically significant sites in the area, including the Luxor and Karnak temples. The vast collection includes a wide variety of artifacts, including jewelry, ceramics, sculptures, and stone tablets. Some of the most interesting attractions at the museum are the statue of Thutmose III, the works of art from the Karnak temple, and Tutankhamun's personal effects.

We're going to the Mummification Museum, where you'll learn about the fascinating process of mummification, the history of the tools used in the process, and the injustices endured by those who worked on the remains. Your Egyptologist guide can suggest the best tombs to visit. After visiting the tombs, you will find yourself in [the Temple of Queen Hatshepsut](#). Your next stop will be [the Colossi of Memnon](#), which are the two largest ancient statues in Egypt.

Day5- Aswan high dam and the Abu simbel temple

Our tour guide is here to pick you up from your hotel after breakfast to take you on a tour of the city.

The Aswan High Dam is an embankment dam that has been known as [The High Dam](#) for many years. It is a significant engineering achievement that has helped to improve the quality of life for millions of people around the world.

Following the 1952 Egyptian Revolution, the government recognized the importance of the High Dam and took steps to build it as quickly as possible.

The High Dam has had a positive impact on Egypt's economy and culture. It is crucial to Egypt's planned industrialization, and its ability to produce hydropower, store more water for agriculture, and help control floods has been a major boon.

After arriving in Aswan, take an air-conditioned minibus to Abu Simbel. The two temples of Abu Simbel are some of the most famous and impressive examples of ancient Egyptian architecture. They are a great example of the splendor and majesty of the upcoming Kingdom, and the Egyptian government and UNESCO have decided to work together to protect these sites from inundation. Ptah, Re-Her-Akhtey, Amun-Re, and Ramesses II all had temples in their honor. The enormous [Abu Simbel temple](#) is also known as the Sun Temple of Ramses II.

Ramesses II, the god Hathor, and the sun god, Ra, are all working together at the Temple of Queen Nefertari. Spend a few hours here before returning to your Aswan lodging for the evening.

Day6- Visit Philae Temple and fly to cairo

After breakfast, we'll take you on a tour of one of Egypt's most exquisite temple complexes, [the Philae Temple](#). Then, we'll take a water taxi to the ruins of Aglika, south of the former Aswan Dam. This temple complex was moved to its current location when the High Dam was built and threatened to sink it forever, and its original layout and architecture have been painstakingly preserved. Even the island's landscaping was done to replicate the complex's previous setting. As the focus of Isis' worship during the Ptolemaic Dynasty, Philae gained fame. After your tour is over, you'll be dropped off at the Aswan airport so you can catch your flight to Cairo. You'll then be transported to your hotel in Cairo, where you'll spend the night.

As the first stop on our [Bahariya Oasis Tour](#), we will be driven from Cairo to the beautiful Bahariya Oasis. After strolling through the historic village, traveling to the Black Mountains, and stopping at the salt lake, you will continue your tour by visiting the famed Mummies Hall, [The Golden Mummies](#), and the temple of [Ain El Muftella](#). After lunch, you will be returned to your Cairo hotel for the evening as part of your tour, which will be led by an English-speaking tour guide.

Day 8- Alexandria Ancient Adventures

After breakfast, our guide will pick you up to explore Alexandria's famous Greco-Roman ruins and learn about the history of the city. Head to the eerie [Kom el Shoqafa Catacombs](#) after visiting the Serapeum, a temple with the red granite columns of [Pompey's Pillar](#). The immaculately restored [Roman amphitheater](#) and adjacent mosaics are not to be missed.

Next, let's head to the water where you can enjoy a variety of Mediterranean seafood.

Next, visit the 15th-century sea [the Citadel of Qaitbay](#), which stands where the ancient lighthouse of Alexandria once stood. This impressive monument is a must-see for anyone interested in history, archaeology, and architecture.

Thanks to the underwater archaeological exhibitions at [the National Museum of Alexandria](#), you can explore the ancient world like never before.

A street food tour of the city will introduce you to the diverse world of Egyptian cuisine, which draws inspiration from Ottoman and Arab traditions. Koshary, a spicy dish made with lentils, noodles, and sour tomato sauce, as well as kebabs, mixed grills, meze dips, and shellfish, are some of the delicious dishes you'll enjoy. The street food tour also includes ice cream and delectable treats to enjoy at the end.

Then, you will be transferred to your hotel in Alexandria where you can check-in and overnight.

Day 9- Alexandria Modern Magic- Back cairo

This ancient library was the center of learning for most of antiquity, and it's still a stunning sight today. You can start the day by touring the replacement Alexandrian Library. Then, go to two of Alexandria's most famous mosques: [the Nabi Daniel](#) and [the Abu al-Abbas al-Mursi](#) mosques.

After crossing the Stanley Bridge and [Montazah Palace Gardens](#), continue biking down the scenic corniche.
