### [Itinerary](#)

## **Day 1 : Time to go to Bahariya Oasis**

Be ready to meet our tour guide, who will pick you up and ensure that all the details are ready and organized to start your tour. Meet your professional tour guide who will help you discover the secrets of the desert and the stories behind each part of the desert. Start your tour, which takes about 4 hours, enjoying the surrounding green villages and the beautiful desert.

Upon arrival, meet your local guide and our team, who will be organizing your time. See the valley of Hazie and start exploring the black desert, which is a very unique desert discovered with black color. The black desert includes hills that are not similar to each other; the hills vary in shape, size, and color. It is a crater consisting of sandstone rocks covered by basalt cliffs that appear in the form of monolithic columns.

It is not the end; our adventure is still continuous to explore the white desert. The white desert is very different from its nature from the black desert. The White Desert Reserve was accredited by UNESCO as the first geopark. The white desert includes dunes and valleys reflecting the rich nature of the desert; it also includes golden mummies and artifacts inside it. The White Desert's calcifications were formed 80 million years ago, shaping caves, crystals, and unique mountains to give you fascinating views.

After your long tour, have a delicious meal and enjoy the starry nights in your camp, experiencing the delicious oriental food.

spend the night in Camp  
meals: Lunch and dinner

## **Day 2 : The white desert time**

On the second day, enjoy your breakfast made Bedouin style and the refreshing mint tea in the early morning. Enjoy the vibes of the fresh air and clear sky of the white desert. Start your tour to do a new activity to relax and enjoy. Swim in the warm spring of the therapeutic water and enjoy the benefits of the natural water healing skin, and bones.

Our next stop will be exploring the formations of the white desert and the rest of the desert. See the attractive formations of the desert and how the stones form the mushroom shape and some animal shapes by nature and without any human hands. The white desert is very rich and includes artistic shapes made of nature, or even the artist may not be able to create it with human hands. Therefore, you will have an unforgettable experience and trip to the land of legends or the snow land due to its white color. Some defy the laws of nature and gravity, such as a huge rock mass that rises diagonally and has a weak base without falling. After enjoying this beautiful nature, have great pictures from panoramic sites that last for years and years with you.

Finally, you will go back with your team to Cairo to your hotel

Meals included: Breakfast
