## Horse Riding in Hurghada

Your vacation probably starts with a much-prized pick-up from your hotel in Hurghada, after which you proceed to an equestrian center that is well-maintained. Upon arrival, professional trainers will assign you a horse according to your riding experience and give you a short safety briefing and riding instructions. Then there is time to get used to the feel of the horse and build some confidence before embarking on your ride.

The trip begins with a picturesque ride across the golden desert where you can relish the infinite beauty of Egypt's dry landscapes. Trotting your horse down the winding trails, you will sense the calmness of the atmosphere with an undulating sea of sand along with distant views of mountains. One of the options you may be considering includes a stop at a typical Bedouin camp such as sipping herbal tea and learning about the extensive culture of desert dwellers. The quiet horse ride offers you the opportunity to unwind with Mother Earth while at the same time feeling the bodies sway and play to the sweet rhythm of horse riding.

And then the tour moves away to the splendid coasts of the Red Sea where the shiny blue waters face the golden sands. Here you may ride along the shore with a refreshing breeze blowing over you as your horse stirs elegantly through the shallow waters. On a swimming experience option, take a dive into the sea with your horse-an unexpected feeling of freedom and connection. After taking some nice photos, you will go back to the stable to say farewell to your horse and then drive back to your hotel, marking the end of your amazing experience horse riding in Hurghada.
