Banana Island Trip from Luxor

During your visit to Luxor Governorate, and after visiting the archaeological monuments, get a distinctive scientific and historical dose of explanation inside the great Pharaonic temples and tombs, where you can get an atmosphere of tourist pleasure in the heart of Banana Island, one of the most famous places to visit in the western land to relax on the bank of the Nile River and eat seasonal foods and fruits in Luxor, as well as take pictures with animals that are raised inside the island with the aim of making you happy and bringing joy to their hearts.

Enjoy the charming natural rural atmosphere inside it because it is located on the shore of the Nile River when you visit the western land in Luxor Governorate, which is a destination for foreign tourists, Egyptians, and Luxor residents also in visits on purpose, which are transported to it by Nile boats that take them on a journey of magic and beauty to visit the island and be inside it for a few hours where tourists take souvenir photos.

Embark on a five-acre 'Banana Island' space that is teeming with magnificent banana trees, palm trees that characterize Luxor's agricultural nature, and fruit trees for figs, guavas, and other fruits.
