Full-Day Tour to El Fayoum

Early in the morning,

the guide and driver will meet you at your hotel in Cairo or Giza to visit the most beautiful tourist places in Fayoum. He will take you in a comfortable, air-conditioned car to Fayoum to visit Wadi El-Rayan using an air-conditioned 4-wheel safari vehicle.

Wadi El Rayan, which contains two lakes connected by waterfalls, is a beautiful sight as it plunges into the western desert of Egypt, at an altitude of about 42 meters below sea level. It was developed in 1970 by

excessive production of wastewater from farms in Fayoum, giving a breathtaking view that does not You can see anywhere else (waterfalls in the middle of the desert are amazing!) Then we will head to Wadi Whalean by driving down the road to Wadi Whalean where there are whale skeletons everywhere you can see and take pictures of them. It is a 40km track within the Wadi El Rayan Nature Reserve, also known as Wadi El Hitan, which is a UNESCO World Heritage Site.

On the way, stop at Al-Mudawara Mountain, which is located west of Fayoum Lake, a wonderful spot overlooking beautiful landscapes. We will take you to explore the Wadi Whale National Park, an open museum known in the history of Egypt, dating back 40 million years, and is among the ancient places in the world that tell the evolution of whales.

More than 400 species of whale and dugong skeletons, other bones, shells, and plant fossils, some preserved in the soft rock, have been identified here.

After the four-wheel drive tour, after completion, we will go to have lunch and Bedouin afternoon tea in the village of Tunis and then transfer back to the hotel in Cairo or Giza.
