Full-day Quad bike at Giza Pyramids & Egyptian Museum and Felucca ride

At your Cairo hotel, our tour guide will meet you and take you to your [Giza pyramids](#) in a contemporary, air-conditioned vehicle. Before taking a one-hour quad ride around the Giza Pyramids and [Sphinx](#), we will first visit the Giza Pyramids. Admire the magnificent pyramids of Mykerinus, Cheops, and Chephren, which served as the tombs of the pharaohs of ancient Egypt. Take as many pictures of this exciting experience as you like. Combine this exciting excursion with a visit to the Great Pyramid, the only remaining example of one of the seven wonders of the ancient world.

the [Egyptian Museum](#), one of the largest collections of antiquity in the world, will be our next stop after that. It is prominently situated in Downtown Cairo, just north of Midan Tahrir. The enormous, oddly pinkish structure houses mummies, grave goods, jewelry, eating utensils, and toys made by Egyptians whose names have since been forgotten alongside the glittering treasures of Tutankhamun and other famous pharaohs. Going through the museum is like traveling through time.

then we will enjoy a lunchtime Felucca ride on the Nile! This is a great way to see the city from the water and enjoy a delicious Egyptian lunch. Our knowledgeable captain will take you on a tour of the river, pointing out the landmarks and history along the way. After lunch, you'll have time to relax and enjoy the scenery before we head back to shore.

end, we will return you to your Cairo hotel
