Day 1- Transefer from port Ghalib to Luxor- Nile Cruise Check-in- Luxor tours

Early in the morning, a representative of our company will pick you up from your hotel in Port Ghalib and drive you to Luxor, where you will be accompanied by a knowledgeable tour guide for a wonderful trip to the East Bank of Luxor visiting: [Karnak Temple](#) and Luxor Temple. This will be the first day of your five-day Nile cruise from Port Ghalib.

The Karnak temple complex will be your first stop. It was built over a period of more than a thousand years by Pharaohs Amenhotep III, Ramses II, and Merenptah, and served as a religious center for many years. With an area of more than two square kilometers, the temple is huge. It also has a large courtyard that is frequently used as a stage for performers and dancers, as well as many important relics, including the famous obelisk of Domitian. Before leaving to visit the other temples of Luxor, you will have plenty of time to explore this magnificent place independently.

Then, check-in for the Nile cruise, have lunch on site, and meet your private guide for the next fantastic tour.

The Luxor Temple, one of the most beautiful temples in Egypt, will be your next trip. This temple, located along the Nile, was built during the New Kingdom period. It has truly amazing architecture, especially its hypostyle hall, which looks like a huge leafy tree made of stone columns. Amen-Ra, who was worshipped as a god of creation and fertility, is the subject of the temple. The temple is composed of many buildings that have had various functions throughout history.

Finally, we will take you back to your ship for dinner and an overnight stay.

Meals: Lunch, Dinner

Day 2: Luxor west bank tours- Sail to Edfu

The second day of your Nile cruise from Port Ghalib will be a busy one as we will be exploring the west bank of Luxor.

After breakfast on board your Nile cruise, begin your day with a visit to the Valley of the Kings, one of Egypt's most famous ancient sites, home to some of the country's most amazing and intriguing tombs. Several New Kingdom pharaohs used this burial site as their final resting place. The tombs in this area were carved into the limestone cliffs and are in excellent condition. You will encounter tombs exquisitely decorated with carvings of gods and hieroglyphs. In addition, you will have time to investigate these tombs independently.

Then visit the Temple of Hatshepsut, which was built when Queen Hatshepsut and her husband Thutmose II were in power. It is particularly noteworthy for women because she is one of only two female pharaohs in Egyptian history! Some of the most beautiful sculptures in Egypt can be found in this temple, which is

perched atop a man-made mountain. The architecture is incredibly intriguing; you can see how it was built with pillars and columns to produce a beautiful interior impression.

The trip ends with a stop at the Colossi of Memnon, They were originally located in his funerary temple but were later relocated. One of the most recognizable images of Egypt today, these statues stand 32 meters tall.

At the end of the day, you'll head over to Esna for a sail on Lake Nasser.

Meals: Breakfast, Lunch, Dinner

Day 3: Visit Edfu & Kom Ombo Temple- Sail to Aswan

After breakfast, you will continue on your Nile cruise until you see the temples of Edfu and Kom Ombo. These are two of the most important temples in Egypt and date back at least to the reign of Ramses II.

First among these should be the Temple of Horus at Edfu, built in 237 B.C. and honoring Horus, the falcon-headed deity who was king of the gods and lord of heaven. This temple, built by Ptolemy VII, is one of the best preserved in Egypt. It is located one hour's drive from Aswan, on the western bank of the Nile. It is often called "the temple of millions of years" because of its famous reliefs depicting events from the Volume of Gates, a book from the Egyptian Book of the Dead.

After visiting this temple, you will continue to Kom Ombo Temple, another ancient Egyptian temple that was carved out of a mountain in the Ptolemaic era. The temple itself honors Horus and Sobek, two deities who play an important role in ancient Egyptian mythology.

In the end, return back to your Nile cruise where you will continue sailing until you reach Aswan city.

Meals: Breakfast, Lunch, Dinner

Day 4: Tour at Abu Simbel Temples

The day will start with breakfast on the cruise. After breakfast, we will proceed to Abu Simbel temple.

The temple was built by Ramesses II during the New Kingdom. It was dedicated to his beloved wife Nefertari and their son, Ramses. The temple consists of four main temples and many statues inside these temples are carved out of rock and depict ancient gods such as Isis and Osiris among others.

There is also a museum there that has information about Egypt's history and culture, as well as an area where you can see some artifacts from when they were building the temple.

After your tour at Abu Simbel Temples, we'll make our way back down south toward Aswan.

Meals: Breakfast, Lunch, Dinner

Day 5: Visit Aswan Attractions- end your Nile cruise from Port Ghalib

Today is the last day of your Nile cruise. The High Dam, a large structure created to regulate and control the flow of water in Lake Nasser, will be our first stop after breakfast on the cruise. It has gained popularity as a tourist destination in recent years because of its spectacular architecture and its vantage point overlooking Lake Nasser.

Next, we will see the Temple of Philae, an amazing building with figures of pharaohs carved on its walls. Once submerged in water, this temple has since been unearthed and preserved as an archaeological site.

Before leaving, we will visit an incomplete obelisk that Pharaoh Tuthmosis III commissioned in 1450 BC. Due to a lack of resources during construction, the obelisk was never completed; however, part of it was rebuilt in 1964 by UNESCO archaeologists in order to complete the work that Tuthmosis III had begun.

You'll end your day at the port of Ghalib, where your Nile cruise will come to an end after 5 days of exploring Egypt's most famous river.
