Safari dans le désert aux Pyramides au départ de Port Saïd

Visiting the pyramids is an essential step when visiting Egypt and we have a wonderful group that will help you visit the pyramids in different ways. This Safari Trip to the Pyramids from [Port Said Port](#) gives you a chance to explore the [ancient pyramids of Giza](#) in a special van. The Pyramids of Giza are the most famous Egyptian pyramids and one of the world's wonders. These massive structures were built over 4,500 years ago, and are some of the oldest man-made structures in the world. While the Pyramids of Giza are the most famous, they are not the only pyramids in Egypt. In fact, there are over 120 pyramids in Egypt, one of them is the [Step Pyramid in Saqqara](#) that included in your tour today.

Sightseeing starts with a drive to the Giza Plateau, where your tour guide will get an overview of the famous pyramids of Khufu, Khafre, and Menkaure. Then we will proceed to the [great Sphinx](#) and the [Valley temple of khafre](#), where tourists will see some of the most iconic tombs in Egypt. The trip ends with a final return port of Port Said.

Pyramids Desert Safari Trip from Port Said

If you are a fan of safari and adventure, do not hesitate to choose the safari trip to the pyramids from Port Said, which will enable you to visit the pyramids that despite all the modern scientific theories that scientists reach, we are still unable to know how it was built with this accuracy. You will enjoy the sense of adventure and adrenaline that this trip will provide you with and you will be able to choose between riding one of our quad bikes or camels to enjoy exploring this region.

Your tour guide will explain some of the secrets of the mummification process and the beliefs of the ancient Egyptians that led them to build the pyramids. You'll also visit the [Sagqara](#) area, which houses a collection of luxurious tombs of the nobles, and you'll see [the step pyramid](#) of Djoser. These monuments are evidence of the ingenuity of the ancient Egyptian in the science of engineering and construction since the beginning of history.
