Day tour to Giza Pyramids and National Museum

We'll meet you at the port of Alexandria early in the morning, and you will start your exciting journey with our highly experienced professional tour guide. Throughout your entire trip from Alexandria to Cairo, he'll be

there for you to make sure you have a great time.

The famous monuments, [the Pyramids of Giza](#), were built thousands of years ago by the sons of the Djoser king. They still stand today without any modern technology. Studies have shown that, with the available technology today, it would take more than 20 years to build each of them, and the greatness of intelligence of the ancients is still a mystery to us.

The [sphinx](#) is a magnificent monument built with great care and sophistication. It is especially effective at scaring away enemies and thieves, who would not want to inadvertently desecrate the tombs of powerful kings.

You'll get to see the [Valley Temple of Khafre](#), with its impressive granite blocks and alabaster flooring, as well as [the national museum of Egyptian civilization](#), which houses many of the king's remains. You'll also be able to see the recently completed parade celebrating the transfer of the mummies from [the Egyptian museum](#) to the National Egyptian Civilization Museum.

Then, upon completion of the entire tour, return to your disembarkation point in the Port of Alexandria.
