[Itinerary](#)

Abu Dhabi Classic City Tour with Louvre Museum & Qasar Al Watan

Your first stop will be the [Sheikh Zayed Grand Mosque](#), popularly known as "The White Mosque". This mosque not only stands out as the largest mosque in the world, but it is also the only mosque that captures a unique combination of the Islamic world and the cultures of the world. Built with the vision of architectural styles from different Muslim civilizations, the mosque celebrates the cultural variety of the world. There were Italian, British, and Emirati architects who worked hard to design and build an architectural masterpiece. The pieces came from Turkey, Morocco, Pakistan, and Egypt, among other Islamic countries, which reveals a brilliant architectural marvel with an astonishing 40,000-seat capacity for worshippers and visitors. The mosque is named after the late president, His Highness Sheikh Zayed bin Sultan Al Nahyan. We next have a photo stop at the Emirate Palace Hotel, the 3rd most luxurious hotel in the world, which cost around 3 billion US dollars to build.

Drive through Abu Dhabi's Al Bateen area, home to President's Square, royal family palaces & iconic high-rise hotels with views of the Persian Gulf. The next stop will be the Abu Dhabi Corniche, an 8 km stretch of perfectly shaped waterfront promenade with a children's play area, beach, numerous cafes, and fine dining restaurants, making it one of the best places in Abu Dhabi to spend the whole day.

Afterward, you will be guided to the Abu Dhabi Marina Mall, where you will have time for shopping. The next stop will be the Abu Dhabi Date Market, a must-see. An outstanding place where you will get the high-quality dates that are produced locally in the UAE and also from Oman and Arabia. Then, you will move on to the Abu Dhabi Heritage Village, where you will have the opportunity to sample the traditional aspects of the desert way of daily life.

After the visit to the heritage village, you will continue to Abu Dhabi's best attraction, the Louvre Abu Dhabi Museum of Art and Civilization. The museum is the first Middle Eastern universal museum that translates the spirit of openness of cultures and features 9,200 square meters of galleries including the permanent gallery and a Temporary Gallery that showcases the collection of many notable French museums, such as the Louvre Museum, the Musée d'Orsay, and the Pompidou Center.

The last stop will be Qasar Al Watan - Abu Dhabi's Royal Presidential Palace. This new cultural site in Abu Dhabi allows visitors to discover the legacy of knowledge and traditions that have formed the trajectory of the nation. Visitors will have the opportunity to learn about the formation of the Emirates and the system of government of this country. It is not just a traditional palace, but a tribute to Arab heritage and art. Qasar al Watan will be a memorable experience and you will leave with the feeling of having visited one of the most luxurious buildings ever seen.

After this long city tour, we will transfer you back to your hotel.
