Beautiful Al Wahbah crater tour from Riyadh

Enjoy a wonderful tour of the most beautiful coastal cities, Al Wahba Crater is a large crater in the ground created by a volcano long ago. It is far from a city called Taif in Saudi Arabia. It is located in a large, flat area called the Free Kashab Plateau. Scientists used to think that a big rock from space made the crater because it looked like other craters made by rocks from space. But now most scientists believe that the crater was made by a volcano underground.

At first, people believed a big rock from space made the crater, but now scientists think it was made by a volcano underground. When you visit Jeddah, there's a special tour called the Al Wahbah Crater Tour. It's not like other tours that take you to see waterfalls or mountains. This tour takes you to see a big hole in the ground that was made by a volcano. You'll get to see one of the most awesome things in Saudi Arabia and feel peaceful.

- Tipping Or Thanking the Staff.

[Itinerary](#)

Day 1: Al Wahbah Crater

We will pick you up and take you to see the big Al Wahbah Crater, which is about 710 Km away from Riyadh. The crater is 2 kilometers wide and has a bottom made of white crystals, making it a beautiful sight to see during your tour of Saudi Arabia.

At first, scientists thought a meteor caused the crater, but now they think a volcano did. They believe a huge explosion from magma hitting water underground made the crater. Your tour guide will tell you more interesting things about the crater when you visit the Al Wahbah crater.

Go on a 30-minute walk to a big hole in the ground and look at the pretty desert around it. Stay overnight in a special camp and look at the hole at night while looking at the stars. It will be a special experience that you will always remember. When the sun is going down, take pictures of the hole because it looks wonderful against the colorful sky.

Come on an adventure with us to see the amazing Al Wahbah crater! We have a special tour guide who knows all about it and can show us all the beautiful things there. And the best part is that it's not too expensive!

Overnight in Camping

Meals: Lunch, Dinner

Day 2: Al Wahbah Crater

On the second day of your trip, we will have breakfast in a special place; the Al Wahbah crater. It's a wonderful place with a great atmosphere. After breakfast, we will take you back to Riyadh.

Meals: Breakfast, Lunch
