[Itinerary](#)

Day 1: Cairo - Bahariya Oasis tour - White Desert

Following your early morning arrival at your NEW Cairo hotel, you will be set off for a wonderful trip to Bahariya Oasis. After being driven for about 4 hours in the air-conditioning vehicle, our local Bedouin guide will welcome you to begin your trip.

The first site will be the famous [Valley of the Golden Mummies](#), where people found 10 rather remarkably preserved royal mummies. Then, go to the [Tombs of the Nobles](#) and discover the story of the Oasis rulers.

Noteworthy ones are the tomb of zedamunefankh and Banonentiu tomb which was enlarged to accommodate group burial since individual graves were proving inefficient. You will also visit the temple of Alexander the King Macedonian in Bahariya on his visit to Siwa and Ain El-Mefet temples from 26 dynasties where four chapels were unearthed by the archaeologists in 1990s.

Day 2: Back to Cairo

Savor a traditional Bedouin breakfast at sunrise before driving to the hot water springs through the spectacular white limestone formations; the mushroom-shaped and naturally formed rabbit-like rocks all in the [white desert](#). You will be then driven back to Cairo through the green Bahariya oasis and the [black desert](#) where you see mountains with small black volcanic stones.

So after you tour Salt Lake and the dunes, your Bedouin guide will bring you back to the bus terminal.
