Day 4: Kasr Ibrim from Sundeck - Abu Simbel

Enjoy a delicious breakfast meal to start the day before sailing to Qasr Ibrim, one of the world's most historic places, which is home to stunning monuments that span nearly every era of Egyptian civilisation. The tombs of Nubian kings and queen from the era of Pharaoh Thutmose III can be found at Qasr Ibrim, which was once a Nubian fortress. You can understand its significance on board the ship while describing its status as a cultural and religious site throughout the ages, even though entry to this location is restricted.

Later, sail deep inside the magnificent Abu Simbel, one of the most visited temples in Egypt and one of the world's most famous structures. Pharaoh Ramses II constructed the largest of the two temples that make up this magnificent complex, which is hewn out of a cliff. As evidence of his might and deity, the temples were carved out of the mountain face itself. Ramses II was shown as a god with Amun, Ra-Horakhty, and Ptah in the bigger temple, which was dedicated to the king himself. In the smaller temple, the goddess Hathor and his loving queen Nefertari were given high positions.

The majesty of ancient Egypt is shown by the Abu Simbel temples, which were constructed to honor Ramses II's Battle of Kadesh. In the 1960s, they were moved to avoid Lake Nasser becoming contaminated by the Aswan High Dam. After touring Abu Simbel, you may relax on board while considering the site's amazing architecture and history.
