Tyre, Maghdouche and Sidon tour

Our tour leader will meet you early in the morning at a predetermined time to begin your trip with Sidon, frequently known as Saida, is Lebanon's third-largest city. It sits on the Mediterranean coast and serves as the capital of the South Governorate. It has several tourist attractions, including the Sea Castle, the Soap Museum, and Khan El Franj.

Then we'll discover about Tyre, one of the world's oldest continuously inhabited towns, albeit by a small population for centuries during the Middle Ages. The city features several historic antiquities, notably the

Tyre Hippodrome, and was included to the UNESCO World Heritage List in 1984.

Finally, head to Maghdouché, a picturesque town in Lebanon's south governorate, is well-known for its tourist attraction, the Lady of Awaiting or Mantara, which has an 8-meter bronze figure of the Virgin Mary, who is said to have waited for Jesus while he preached in Sidon.
