Following boarding and check-in procedures, you will unwind in your cabin before enjoying a delicious open-bar lunch on board and beginning your Aswan sightseeing as follows:

The High Dam, which is regarded as the most important project in Egypt's modern history, protected the country from the Nile River's constant floods besides the charming view of the high dam.

The incomplete obelisk

Continue your Aswan day tour by being driven to the well-known Granite Quarries, where the ancient Egyptians mined the stones, which they used to construct the enormous pyramids of Egypt and the enormous temples of the new kingdom. Then, explore [The Unfinished Obelisk](#), which is one of the examples of how they cut enormous stones and used them in memorial structures, as we see on Egypt tours.

Finally, you will visit Isis Temple:

Take the motorboat to the incredible [Philae Temple](#), which was dedicated to the goddess Isis and constructed in the Greco-Roman architectural style. The temple is regarded as one of the sites where the myth of Osiris and Seth took place.

After finishing Aswan Excursions in the evening, enjoy a lovely dinner aboard the cruise ship, and then you will relish the entertainment and the special Nubian folkloric show.
