After having breakfast at the hotel, begin your day trip to Saqqara, Memphis, and the Giza Pyramids.

You will go with our tour guide to the Giza pyramids to view the Great Pyramid of Cheops as well as the pyramids of Mycerinus and Chephren. Next, pay homage to the Great Sphinx, the head of the Pharaoh, and the body of a lion, which represent the might and wisdom of the monarch, and travel to King Chephren's Valley Temple, where his royal remains were mummified prior to being buried. You will learn about the many stages of the mummification procedure from your guide.

Lunchtime is coming! You will be taken to see the Step Pyramid of King Zoser in Sakkara, which is thought to be the earliest man-made structure totally constructed of stone in the entire world, after stopping to eat lunch at a reputable restaurant (Djoser Pyramid). You will also see the Kagemni tomb, one of the nobles' tombs at Sakkara owned by King Teti's son-in-law, and the pyramid of Teti, which has the most spectacular interior of all the accessible pyramids of Egypt (no additional ticket required). Here, you can see scenes from daily life in ancient Egypt, with all of its activities painted and inscribed on the tombs' walls and corridors.

Following that, we'll take you to Memphis to see the outdoor museum. Memphis is only 20 minutes away from Saqqara and features an exhibition of statues and artifacts that remain from the pharaohs' ancient capital, such as the enormous statue of Ramses II and the alabaster sphinx made from an 80,000-ton block of marble.

After your trip is over, you will be returned to your hotel for the night.

Lunch and breakfast are included.

Day 3: Visit to the Islamic and Coptic Museums in Cairo

You will be picked up from your hotel by our knowledgeable tour guide from Cairo Top Tours to begin your tour of the Egyptian Museum and Coptic Cairo. A transfer to the Egyptian Museum of Antiquities will occur to take in the largest collection of ancient Egyptian antiquities and take a trip through the rich history of ancient Egypt. The highlights of the more than 250,000 masterpieces on show, including King Tutankhamen's jewels, will be thoroughly discussed by your Egyptologist tour guide, the sole intact royal treasure found, which is a vast collection of gold and jewelry that was kept concealed under the sand for more than 3,000 years until the tomb's excavation in 1922, at which point it was relocated altogether to Cairo and the Egyptian Museum.

Your tour guide will take you on a tour of the Old Cairo District, where you will see the Salah El Din Citadel and the Alabaster Mosque of Mohamed Ali inside. The Alabaster Mosque is a unique example of Ottoman architecture in Cairo, as its design is a reinterpretation of the well-known Blue Mosque in Istanbul. The Citadel was established by Salah Edin and served as the center of Egyptian government from his reign until King Farouk's reign in the first half of the last century.

After stopping for lunch at a fine dining establishment, you will begin your well-known and highly anticipated tour of Coptic Cairo at the historic Roman fortress of Babylon. Here, you will be astounded by The Hanging Church, one of the main attractions of ancient Cairo. You will also see the church of St. Sergius, also called the Cavern Church, which was constructed above the crypt where the holy family spent almost three months and the well where they drank water. Lastly, you will go to the Ben Ezra Synagogue. Tradition has it that this is where the pharaoh's palace was, when Moses's basket was taken out of the Nile.

Follow our Cairo Sightseeing tours to learn about Islamic journeys across the city and discover the numerous artifacts from medieval Cairo, including the historic walls and mosques. The city's medieval madrasa, sails, and gates, as well as its ancient stone-paved alleyways that date back to the tenth century, are all worth seeing. The walk concludes with tea at Fishawy, the oldest cafe in Khan El Khalili, the old market.
