[Itinerary](#)

Day 1: Cairo to the white desert

When to pick up Around 350 kilometers to the east, at 07:00, your tour guide and driver will pick you up from your Cairo or Giza lodging and drive you to [Bahariya Oasis](#). This is about a 4-hour adventure. Your 4x4 Jeep will take you to the "[black desert](#)," which is a few miles south of Bahariya and features many sand dunes with black summits. Lunch is being served in this oasis close to [El Haize](#). Next, take a drive deep into the White Desert to the Valley of Agabat.

You have to be there to fully appreciate the otherworldly beauty of the location. This place was once under water millions of years ago. Over time, these unusual chalk-white stones have taken on the appearance of the moon's surface. The silence descends, the sky turning from pink to the deepest burnt orange, and the rock formations melt away. Sitting around a small fire, enjoying chicken, rice, and vegetables, you'll think nothing has ever tasted so good. It will be an amazing experience to watch the stars at night from a camp in the White Desert.

Day 2 : Bahariya Oasis tour

You'll have breakfast in [the desert](#) before heading to Bahariya Oasis. On the way back, you will make a stop at Crystal Mountain, which the locals sometimes refer to as Gebel al-Izzaz. The hill, which is visible on the right, is called "the Jewel of the Desert" because of [the quartzite crystals](#) that make up the structure.

These crystals also give the hill its breathtaking appearance when lit up by the sun. A few decades ago, that natural feature was accidentally discovered. Buy Bahariya Oasis; Bir Sigam is a hot spring where rheumatism sufferers can benefit from soaking in the heat. Return by car to your Bahariya lodging, where you will spend the night.

Day 3 : Tour to Fayoum Oasis & Wadi Al Rian

Following breakfast, our tour guide will pick you up from the Bahariya hotel and drive you to [Fayoum](#) City. En route to [Lake Qarun](#), you'll see the city give way to verdant fields and orchards as you travel in a private, air-conditioned vehicle. See some of the stunning creatures that inhabit the saltwater lake's edge, such as black-necked grebes, ibis, and flamingos. See stunning examples of Fayoum's mummy portraits and cloth panel paintings with a strong Greco-Roman influence by going to the local museum. Learn more about the history and culture of the region while exploring the museum with your guide. Don't miss the incredible collection of statues from nearby ancient sites.

Before visiting [Wadi El-Rayan](#) to see the man-made waterfalls in the middle of the desert, note that these man-made waterfalls were created using excess agricultural water. Stop at a nearby restaurant for a midday meal prepared in the Egyptian style (in the unlikely event that the Wadi Rayan waterfalls are closed due to unforeseen circumstances, a trip to the Fayoum water wheels will be taken). After that, set out on a charming journey in a felucca, a wooden sailing boat with an elegant gaff-rigged sail. Travel back to your hotel in Cairo to conclude your trip to Egypt.
