Tour to Paris Oasis Overnight

Paris Oasis, one of the most magnificent oases in the New Valley Governorate, is located about 90 kilometers distant from [El Kharga Oasis](#) and is the most gorgeous journey on [Egypt travel packages](#). The most important monument to view in that region is the Roman Temple of Dush, which was the focus of worship for the Serapis god, as well as the mud-brick castle and some outstanding vestiges of Coptic and Islamic architecture. Dates are the city's most important agricultural crop and the oasis' primary source of economic resources.

Enjoy medical tourism since, in addition to agriculture, there are various sulfur and mineral springs known for their great chemical compounds and curative powers for certain conditions such as rheumatism and allergies, which draw travelers, particularly from Europe.

Our [Egypt Day Tours](#) are an exceptional experience that combines culture, history, and natural beauty. Travelers can explore the enchanting deserts and oases, and Egypt offers many opportunities for adventure and discovering its magnificent Pharaonic heritage.
