Cheops had numerous sons, but the three most well-known of them were "Ghadv Raa," "Cheafren," and "Hor Ghadv," according to a papyrus that was dated to his reign roughly 23 years ago. They appeared to be at odds with one another and had different interpersonal dynamics.

The Pyramid of Mycerinus: The only one of the great pyramids was built with granite from quarries located near Aswan beside the limestone.

The [Great Sphinx](#): is a monumental statue with a pharaoh's head and lion's body, which represents intelligence and strength.

Our visit to the plateau includes a panoramic tour of all of the Giza pyramids together and making memorable photos, as well as a free camel ride for 15 minutes. It can also include an additional visit to the Solar Boat behind Cheops.
