Upon your arrival, you will meet your tour guide who will assist you throughout your trip. You will be taken to the luxurious Movenpick Prince Abbas Lake Nasser Cruise in a comfortable air-conditioned vehicle, where you will enjoy a delicious lunch onboard. Your first stop will be the magnificent Abu Simbel Temples, which were built by [King Ramses II](#) during the nineteenth dynasty and are considered to be one of the most recognizable ancient remains in Egypt after the [Pyramids of Giza](#). These temples have a unique astronomical feature where the sun illuminates the statues of the gods twice a year, on February 21 and October. After visiting the temples, you will return to the cruise ship for afternoon tea and have the option to attend a sound and light show at [Philae Temple](#). End your day with a lovely dinner onboard, and enjoy a comfortable overnight stay in your cabin at Abu Simbel.

Meals included on this day are lunch and dinner.

Day 2: Kasr Ibrim/ Amada Temple/ Derr Temple/ Wadi El Seboua

After enjoying a tasty breakfast onboard the Movenpick Prince Abbas Lake Nasser Cruise, you will sail towards Kasr Ibrim. The ship will stop for 15 minutes so you can take photos of the site from the sundeck. Then, you will be transferred to visit three ancient sites: the [Temple of Amada](#) (the oldest temple in Nubia), the Temple of Derr (built by Ramses II), and the Tomb of Peanut (property manager of the Horus Temple). Visiting these sites will be an unforgettable experience.

Afterward, you will return to the cruise ship, which will begin sailing towards [Wadi El Seboua](#) (Valley of the Lions). You will enjoy a delicious lunch on board, followed by afternoon tea. In the evening, you will attend a small cocktail reception party and then sit down to enjoy another fantastic dinner. After dinner, you will be entertained by a fun Nubian show. You will spend the night aboard the ship at Wadi El Seboua. Breakfast, lunch, and dinner will be provided on this day.

Day 3 : Wadi El Seboua Excursion and sailing to Aswan

After enjoying your breakfast buffet, the cruise ship will dock and you will visit the Temples of Wadi El Seboua with your professional guide. These temples were dedicated to god Amun and established by Ramses II. They were relocated to higher ground when the water level of Lake Nasser started rising due to the [Aswan High Dam](#). After the temple visit, you will be transferred back to the Prince Abbas Lake Nasser Cruise, which will start sailing towards Aswan. Spend the rest of the day as you wish, while enjoying your lunch and afternoon tea on board. Have dinner on the boat and spend the night in Aswan. Breakfast, lunch, and dinner will be provided on this day.

Day 4: Sightseeing and Disembarkation at Aswan

Thank you for providing the details of the 4-day Abu Simbel to Aswan lake cruise. It sounds like a fascinating and enriching experience. Exploring the [Kalabsha Temple](#), which dates back to the Greco-Roman period, with an Egyptologist guide must be an incredible opportunity to learn about Egyptian architecture and history. It's remarkable that the temple was relocated to higher ground to protect it from the rising water level of Lake Nasser caused by the construction of the High Dam. Despite being unfinished, the temple still showcases impressive decorations and artwork, and your private tour guide will surely provide valuable insights into its significance. After the [Aswan day tours](#), the Cairo Top Tours representative will arrange your transfer to the airport or railway station, based on your preference and travel arrangements, as you near the end of your [Egypt Classic Tours](#).

Please note that the included meals for this portion of the tour are breakfast only.
