Your tour guide will pick you up from your accommodation in Cairo and transport you 350 kilometers east to <u>the Bahariya Oasis</u>. After finishing this excursion, which takes about 4 hours, you'll get in your

4x4 Jeep and head to the black desert. In this oasis near El Haize, lunch will be served.

Afterward, we'll take a trip to the Agabat Valley. When we get to the Valley of Agabat, which is located deep inside of Egypt's white desert, truly experience the place's otherworldly splendor, you must be there. The location was formerly submerged in water millions of years ago.

Over time, distinctive limestone, chalk, and even sand rock formations emerged. The most wellknown desert site in Egypt will be our focus as we tour the White Desert National Park. The rock formations dissolve as the sky turns pink, then the darkest flaming orange, and there is quiet everywhere. You will feel as though nothing has ever tasted so wonderful as you eat chicken, rice, and veggies while seated around a tiny fire. The supper and desert camping will be handled by the Bedouin crew.

The term "the Jewel of the Desert" and the hill's spectacular look when lighted by the sun are attributed to the quartzite crystals that make up the hill, which can be seen on the right. That innate characteristic was stumbled upon a few decades ago.

Next, we'll travel to the Bahariya Oasis to unwind in the hot spring known as Bir Sigam. The spring, which is located on Cairo Road 7 km east of Bahariya, is the best hot spring in terms of temperature.

Due to the 40 million-year-old whale skeletons discovered there, Wadi Hitan, also known as the Valley of the Whales, was recognized by UNESCO as a World Heritage Site and is situated inside the Wadi El Rayan Protected Area.

See Mudawara Mountain on the route to Wadi El Rayan Water Falls. then into the waterfalls of Wadi Al Ryan.
