Your first stop will offer a full view of the Great Pyramid of King Cheops, towering at a height of 140 meters. It was intended to serve as a burial place for the divine king. Next, you'll witness the grandeur of the second (middle) pyramid of King Chephren, which still retains part of its original white limestone outer casing on top. This pyramid faces the Great Sphinx, believed to be a representation of King Chephren himself.

Take a memorable camel ride around the Giza Pyramids area while your private tour guide helps you capture amazing photos, allowing you to virtually hold the pyramids between your hands and even give the Sphinx a kiss. Your itinerary also includes a visit to the [Valley Temple](#) of King Chephren, where the king's sacred remains were mummified as part of the burial rituals.

After an enriching morning, indulge in a delicious local lunch at a high-quality restaurant. Then, your journey continues with a visit to [Coptic Cairo](#), where you'll explore the historic churches of the Coptic district.
