Day 1: Dendara & Abydos tour from Safaga port

A member of our travel staff will be present to assist and escort you from Safaga Port, where a modern luxury vehicle with air conditioning will be available for you. The first trip will be to the famous Dendera

Temple, which is one of the best-preserved temples in all of Egypt. The temple lies on the west bank of the Nile to the north of Luxor, about 60 km. It was commissioned by and made for Pharaoh Ramses II, son of Ra, built in the 19th century BC and devoted to Hathor the Ra's wife. This also has several other structures, like a temple, a chapel, a palace, and even a tomb.

Then we will move to Abydos Temple, which is another famous temple in the land of Egypt. This temple lies about 100 kilometers north of Luxor city. Created during the reign of Pharaoh Ramses II in the early 12th century B.C., the temple was dedicated to Osiris, the king of the underworld. The temple boasts very high walls as its inner sides are decorated with huge Osiris and Ramses II statues; thus, it ranks as the most breathtaking temple built in that period.
