After breakfast at the hotel, your tour guide will meet you in the lobby to begin your day tour of Cairo. The first stop is the Giza Pyramids, where you'll be awestruck by their immense size. These colossal structures were erected during ancient Egypt's Old Kingdom by its most esteemed kings and rulers.

Explore the Great Pyramid of Cheops, influenced by his father's ambitious efforts in tomb construction. King Snefru, founder of the 4th dynasty and owner of two great pyramids in Dahshur, continues the historical narrative. Ascend to the high plateau for a stunning panoramic view of the three pyramids, including those of Chephren, successor of King Djedefre, who built his pyramid slightly smaller at 136 meters, and Mycerinus, owner of the third and shortest pyramid at Giza.

An optional camel ride is available on the Giza Pyramids plateau.

Next, behold the Great Sphinx of Giza, a statue with the head of a man and body of a lion, traditionally believed to have been fashioned for King Chephren. Enter the Valley Temple, where the king's mummification process was conducted as part of his burial rites.

Venture to Saqqara to admire the Step Pyramid, the first pyramid entirely built of stone by King Djoser of the 3rd dynasty. This pyramid marks a significant milestone in the evolution of Egyptian pyramid construction. Explore one of the pyramids on-site, such as the pyramid of King Teti from the 6th dynasty, and visit the tomb of Kagemni, vizier of Justice during King Teti's reign.

Continue your Cairo tour with a visit to the ancient city of Memphis, home to an open-air museum featuring the exquisite alabaster sphinx and the colossal statue of King Ramses II, a prominent ruler during Egypt's New Kingdom era.

Enjoy a delightful lunch at a prestigious restaurant overlooking the pyramids and Sphinx before returning to your hotel.
