A Cairo Top Tours tour guide will be waiting for you to embark on a wonderful Giza Pyramids and Saqqara Day Trip with a camel ride. First, you will be transported to the only surviving world marvels of the ancient world which is the Great Pyramid of King Cheops; it has a stroke of 480 meters to be exact; it remains the greatest man-made structure that the world has ever witnessed.

I was lucky to visit the pyramids of Cheops, Chephren, and Mykerinos as well as the great sphinx of the Giza necropolis which I believe has a role of security in the entire area of Giza pyramids besides including a camel riding incursion in the Giza pyramids to enable very special recording of one's wonderful experience during the Cairo day tour. Go on further exploring YOUR Cairo Trips to the Valley Temple of King Chephren; do not think that is the only valley temple in the necropolis before heading to the area called Saqqara, spend Your time seeing the Step Pyramid of King Djoser an Egyptian step pyramid 62m high and 129m long.

Says in all the early mastabas belonging to the old kingdom, the whole family of the pharaoh including children and wives were entombed in the Djoser pyramid. In Egypt, day tours, and a quality lunch in a local fine restaurant will be provided before being transferred back to your hotel in Giza or Cairo.
