Unique things to do in Cairo in a day tour

In order to begin your unique tour from the first location, you will first be driven by a private, air-conditioned vehicle accompanied by a professional tour guide and an experienced tour leader for Cairo day tours.

The settlement of Pharaoh:

The Pharaonic village, one of the most beautiful settlements, has an arts center where artistic events take

place, including workshops for creating papyrus, glass, and pottery. If young people become tired of viewing the several museums, they can play in the games section, which includes miniature amusement parks, and there is also a specialist photography center.

The palace of Abden:

Khedive Ismail ordered the construction of the Abdeen Palace as soon as he took power in Egypt in 1863, marking the beginning of the palace's history.

After that, you will be escorted to a fine dining establishment for a delicious lunch before transferring to a motorboat for a two-hour cruise on the Nile River.

After the tour is over, you will be returned to your hotel, where our services will come to an end.
