After picking you up from your Cairo hotel, your tour guide will drive you to the Alex Sheraton El Montazah hotel, where you will be put in an air-conditioned car for the journey to the beginning of your trip. We will go to the Qaitbi Citadel, which is regarded as one of the most important defensive strongholds on the Mediterranean coast as well as in Egypt. The citadel was a major component of Alexandria's fortification system in the fifteenth century AD and is situated close to the entrance to the eastern harbor on the eastern portion of Pharos. It was constructed precisely where the renowned Alexandrian Lighthouse, one of the Seven Wonders of the Ancient World, had stood.

On our way to the gardens, we will pass Stanley Bridge, one of Alexandria's beautiful new buildings. The gardens are still in good shape and are home to a wide variety of trees and plants, some of which are rather uncommon.

We will conclude our incredible tour at the Modern Alexandria Library, which is well-known for its free exhibits and open court. The vast book collection of the Old Library, which featured works from a wide range of literary and scientific disciplines, earned it international recognition. Following this fantastic tour of Alexandria, you will be returned to your hotel.

Day 6 : Alexandria Tour

During the Ptolemaic period, the Temple of Serapis was a significant location in Alexandria. This is the location of Egypt's largest monument column, built in the Roman era in honour of Emperor Diocletian. After breakfast, our tour guide will drive you there in an air-conditioned vehicle.

The largest mosque in Alexandria is the Abu Al-Abbas Al-Mursi mosque, which features a lofty minaret, four massive domes, and elaborate carvings on its lovely cream-coloured façade. It is located in one of Alexandria's most well-liked neighbourhoods, Anfoushi, near the Citadel of Qaitbay.

Located in the centre of Alexandria, the Roman Amphitheatre is a stunning and well-preserved complex. It is one of the biggest Roman theatre and residential complexes in Egypt, with thirteen terraces. The Amphitheatre is the only known Roman amphitheatre in Egypt and was constructed in the classical Greek style. It is the ideal way to wrap up our trip to Alexandria, which is a truly remarkable destination to explore.

Admire some of the city's most modern buildings, such as the Unknown Soldier of Alexandria and the statue of Alexander the Great, while taking in the distinct charm of Alexandria's historic neighbourhood. Our tour leader will then take you back to your accommodation.

Day 7: Alexandria - El Alamein

Visit Fitnas Island in the evening to take in the breathtaking views of the sunset.

Our journey to the Siwa Desert will begin in Maraki Village, where we will witness a magnificent archaeological marker and the earliest known human footprint on the mountain. For a breathtaking archaeological sign, we will cross the desert to Great Siwa Mountain, where the earliest known human footprint was found in prehistoric times. On our safari excursion, we'll keep going over the dunes until we reach the fossil area, where we can witness the stony coral reefs from the Cambrian period. After that, we'll travel to Shaiata Lake, one of the desert's spring eyes, where we can view Flamenco birds, take a relaxing spring bath, and take in the peaceful surroundings. Another opportunity exists to go sand surfing in the desert. After that, we'll visit Bir Wahid Spring, another hot spring, to relax.

Day 11: Siwa Oasis Adventure

Following breakfast, we start an enthralling tour of the tombs on the Mountain of the Dead (Gabal El Maouta), where we could come across the remains of famous people such as MSW Isis, SI Amon, and the Crocodile Tomb. Following that, we proceed to the Bedouin community of Abu Sherouf, where you can witness the Roman Spring Eye and the distinctive way of life of the desert nomads. The Dakroun Mountains are our next stop. At last, we have dinner and stay overnight in Siwa.
